CONCEPTS OF THE PATENT

The grant of the Patent and rights of the patentee are subject to the provisions of the Patents Law, 5727-1967 and the provisions of any other law.

The Patent shall remain in force for a period of twenty years from the date of the Patent application provided that the renewal fees are paid at the rates and times prescribed by the regulations and provided that the Patent does not become otherwise invalid.

A Patent of Addition shall remain in force as long as the main Patent is in force and no renewal fees are payable in respect thereof.

Any change in the ownership of a Patent must be recorded in the Register of Patents, in order to become effective with regard to a third party.

The Patent will remain in force without payment of any renewal fee for three months following the date of grant.

The first renewal fee will fall due for payment prior to three months from the date-of-grant.

Thereafter, renewal fees will be payable as follows:

- Prior to the end of the sixth year
- Prior to the end of the tenth year
- Prior to the end of the fourteenth year
- Prior to the end of the eighteenth year

- Calculated, in every case, from the date of the Patent Application

Particulars of the fees may be obtained from the Patent Office prior to each renewal date.

Prior to the expiration of three months from the date of grant, it is possible to pay the renewal fee for the whole of the twenty-year period.
